

Essential Community Providers

Essential Community Providers (ECPs) are providers who serve predominately low-income, medically underserved individuals, including, but not limited to, FQHCs, urban Indian organizations, and public or non-profit community hospitals.

Members in certain states and plans have access to Indian ECPs that are not participating with Humana.

A non-exhaustive database of Indian ECPs available for select states is available [here](#).

If you have any questions, please call the Member Services phone number on the back of your Member ID card or visit Humana.com.
