

Stakeholder Advisory Committee

Committee Information

Humana hosts a local Stakeholder Advisory Committee. Participants are randomly invited to attend, and include community social service groups, advocacy groups, and faith-based organizations. Their feedback and insights are vital to helping us better understand our members, and to provide our members with the highest quality benefits and services.

The Stakeholder Advisory Committee meets on a quarterly basis for two hours.

Humana recognizes that in order to serve the Medicaid population, input from Community Stakeholders is essential to help ensure members' needs are addressed and opportunities for improvement are identified.

If you would like additional information about the Stakeholder Advisory Committee, please contact the IL Quality Operations team at 1-877-291-6608 and press '2' between the hours of 8 a.m. - 5 p.m. Central time. If you use TTY, please dial 711.
