## Providers and Specialists

---

### Your Primary Care Provider (PCP)

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

---

A Women's Health Care Provider (WHCP) is a doctor, nurse practitioner or other provider who specializes in obstetrics, gynecology, or family practice. Female members may choose a WHCP as their PCP or may see a WHCP as needed and without a referral.

Your PCP will work with you to coordinate all your health care. Your PCP will do your checkups and treat most of your routine health care needs. If needed, your PCP may send you to specialists. You can reach your PCP by calling his/ her office. Your PCP's name and phone number are printed on your ID card. It is important to call your PCP when you need medical care. You may also be seen by your PCP's assistant or a nurse practitioner. If you have questions about Humana Integrated Care Program of Illinois or require assistance in selecting a PCP, please call Member Services at 1-800-764-7591 (TTY: 711).

Members who are identified as American Indian/Alaskan Native may see providers who are designated as Indian Health Care Providers if they choose to. They are not limited to these providers and can choose any network provider. This plan is being offered with no copays or coinsurance. Members who are identified as American Indian/Alaskan Native will never be charged copays or coinsurance on this plan. For help in locating an Indian Health Care Provider, call Member Services at 1-800-764-7591 (TTY: 711).

### **Getting Care From Specialists**

In some cases, a specialist may be a PCP. If you have a specialist that you want to be your PCP, the specialist must call Humana Integrated Care Program of Illinois. There is a process the specialists must go through to be your PCP.

Your PCP or WHCP can recommend a specialist to you if you have a specific problem. Your PCP or WHCP can also recommend a lab or hospital to you for special services. We may need to review and approve service requests before you can get services. If it is medically necessary you can get a standing authorization to see a specialist. The specialist, lab or hospital will know how to get approval for these services.

## **Pharmacy Network**

---

### **Network Pharmacies**

Humana Integrated Care Program of Illinois covers medically necessary Medicaid-covered drugs. We also use a Prescription Drug Guide (Formulary). These are the drugs that we prefer that your provider prescribe. We may also ask that your provider send us information (a prior authorization request) to explain why a specific drug or a certain amount of a drug is needed. We must approve the request before you can get the drug.

It is important that you tell your provider about prescriptions you are already taking. Also, tell them about non-prescription medicines, vitamins or herbal supplements you may be taking.

### **Filling Prescriptions Outside the Network**

You must use network pharmacies except in emergency or urgent care situations.

### **Identifying Pharmacies in Our Network**

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-Order Pharmacies
- Home infusion pharmacies
- Long-term care (LTC) pharmacies

- 
- Indian Health Service/Tribal/Urban Indian Health Program (I/T/U) Pharmacies

You are not required to continue going to the same pharmacy to fill your prescriptions. You can go to any of the pharmacies in our network.

### **Long-Term Supplies of Prescriptions**

- Mail-Order Programs: We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a three-month supply.
- 90-Day Retail Pharmacy Programs: Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a three-month supply.
