## PRESCRIPTION DRUG GUIDE

CarePlus Formulary  
List of Covered Drugs

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER  
IN THIS PLAN.

This formulary was updated on 10/30/2020. For more recent information or other questions, please contact CarePlus Members Services, at **1-800-794-5907** or for TTY users, **711**. From October 1 - March 31, we are open 7 days a week; 8 a.m. to 8 p.m. From April 1 - September 30, we are open Monday - Friday, 8 a.m. to 8 p.m. You may always leave a voice mail message after-hours, Saturdays, Sundays, and holidays and we will return your call within 1 business day, or visit [www.CarePlusHealthPlans.com](http://www.CarePlusHealthPlans.com).

**CarePlus**  
HEALTH PLANS

# Welcome to CarePlus!

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take. When this drug list (formulary) refers to "we," "us," or "our," it means CarePlus. When it refers to "plan" or "our plan," it means CarePlus. This document includes a list of the drugs (formulary) for our plan which is current as of October 2020. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1 of each year, and from time to time during the year.

## What is the CarePlus Medicare formulary?

A formulary is the entire list of covered drugs or medicines selected by CarePlus. The terms formulary and Drug List may be used interchangeably throughout communications regarding changes to your pharmacy benefits. CarePlus worked with a team of doctors and pharmacists to make a formulary that represents the prescription drugs we think you need for a quality treatment program. CarePlus will generally cover the drugs listed in the formulary as long as the drug is medically necessary, the prescription is filled at a CarePlus network pharmacy, and other plan rules are followed. For more information on how to fill your medicines, please review your Evidence of Coverage.

## Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes. Changes that can affect you this year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

We'll notify members who are affected by the following changes to the formulary:

- When a drug is removed from the formulary
- When prior authorization, quantity limits, or step-therapy restrictions are added to a drug or made more restrictive
- When a drug is moved to a higher cost-sharing tier

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an

exception, and you can also find information in the section below entitled "How do I request an exception to the CarePlus Formulary?"

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year.

### **What if you're affected by a Drug List change?**

We'll notify you by mail at least 30 days before one of these changes happens or we will provide a 30-day refill of the affected medicine with notice of the change.

The enclosed formulary is current as of October 2020. We'll update the printed formularies each month and they'll be available on [www.careplushealthplans.com](http://www.careplushealthplans.com).

To get updated information about the drugs covered by CarePlus, please visit [www.careplushealthplans.com](http://www.careplushealthplans.com) or call Member Services at **1-800-794-5907; TTY: 711**. From October 1 - March 31, we are open 7 days a week; 8 a.m. to 8 p.m. From April 1 - September 30, we are open Monday - Friday, 8 a.m. to 8 p.m. You may always leave a voice mail message after-hours, Saturdays, Sundays, and holidays and we will return your call within 1 business day.

### **How do I use the formulary?**

There are two ways to find your drug in the formulary:

#### **Medical condition**

The formulary starts on page 10. We've put the drugs into groups depending on the type of medical conditions that they're used to treat. For example, drugs that treat a heart condition are listed under the category "Cardiovascular Agents." If you know what medical condition your drug is used for, look for the category name in the list that begins on page 10. Then look under the category name for your drug. The formulary also lists the Tier and Utilization Management Requirements for each drug (see page 5 for more information on Utilization Management Requirements).

#### **Alphabetical listing**

If you're not sure about your drug's group, you should look for your drug in the Index that begins on page 108. The Index is an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed. Look in the Index to search for your drug. Next to each drug, you'll see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of the drug in the first column of the list.

Prescription drugs are grouped into one of five tiers.

CarePlus covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

- **Tier 1 - Preferred Generic:** Generic or brand drugs that are available at the lowest cost share for the plan
- **Tier 2 - Generic:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 1 Preferred Generic drugs
- **Tier 3 - Preferred Brand:** Generic or brand drugs that the plan offers at a lower cost to you than Tier 4 Non-Preferred Drug drugs
- **Tier 4 - Non-Preferred Drug:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 3 Preferred Brand drugs
- **Tier 5 - Specialty Tier:** Some injectables and other high-cost drugs

## **How much will I pay for covered drugs?**

CarePlus pays part of the costs for your covered drugs and you pay part of the costs, too.

The amount of money you pay depends on:

- Which tier your drug is on
- Whether you fill your prescription at a network pharmacy
- Your current drug payment stage - please read your Evidence of Coverage (EOC) for more information

If you qualified for extra help with your drug costs, your costs may be different from those described above. Please refer to your Evidence of Coverage (EOC) or call Member Services to find out what your costs are.

## **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These are called Utilization Management Requirements. These requirements and limits may include:

- **Prior Authorization (PA):** CarePlus requires you to get prior authorization for certain drugs to be covered under your plan. This means that you'll need to get approval from CarePlus before you fill your prescriptions. If you don't get approval, CarePlus may not cover the drug.
- **Quantity Limits (QL):** For some drugs, CarePlus limits the amount of the drug that is covered. CarePlus might limit how many refills you can get or how much of a drug you can get each time you fill your prescription. For example, if it's normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. Some drugs are limited to a 30-day supply regardless of tier placement.
- **Step Therapy (ST):** In some cases, CarePlus requires that you first try certain drugs to treat your medical condition before coverage is available for another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, CarePlus may not cover Drug B unless you try Drug A first. If Drug A does not work for you, CarePlus will then cover Drug B.
- **Part B versus Part D (B vs D):** Some drugs may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted to CarePlus that describes the use and the place where you receive and take the drug so a determination can be made.

For drugs that need prior authorization or step therapy, or drugs that fall outside of quantity limits, your health care provider can fax information about your condition and need for those drugs to CarePlus at **1-800-310-9071**. Representatives are available Monday - Friday, 8 a.m. - 8 p.m.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 10.

You can ask CarePlus to make an exception to these restrictions or limits. See the section "**How do I request an exception to the formulary?**" on page 6 for information about how to request an exception.

## **Does healthcare reform impact my coverage?**

Since 2011, Medicare has made changes to help with the cost of drugs while members are in the Prescription Drug Plan coverage gap, which is often called the "donut hole." The Centers for Medicare & Medicaid Services (CMS) work with the companies that make prescription drugs and health plans so you receive nearly 75 percent off the cost of many covered, brand-name drugs while you're in the coverage gap. Medicare members who receive the low-income subsidy ("Extra Help") or are covered by a qualified, commercial prescription plan through an employer won't get this discount.

## **What if my drug isn't on the formulary?**

If your drug isn't included in this list of covered drugs, visit [www.careplushealthplans.com](http://www.careplushealthplans.com) to see if your plan covers your drug. You can also call Member Services and ask if your drug is covered.

If CarePlus doesn't cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that CarePlus covers. Show the list to your doctor and ask him or her to prescribe a similar drug that is covered by CarePlus.
- You can ask CarePlus to make an exception and cover your drug. See below for information about how to request an exception.

Talk to your health care provider to decide if you should switch to another drug that is covered or if you should request a formulary exception so that it can be considered for coverage.

### **How do I request an exception to the formulary?**

You can ask CarePlus to make an exception to the coverage rules. There are several types of exceptions that you can ask to be made.

- **Formulary exception:** You can request that your drug be covered if it's not on the formulary.
- **Utilization restriction exception:** You can request coverage restrictions or limits not be applied to your drug. For example, if your drug has a quantity limit, you can ask for the limit not to be applied and to cover more doses of the drug.
- **Tier exception:** You can request a higher level of coverage for your drug. For example, if your drug is usually considered a non-preferred drug, you can request it to be covered as a preferred drug instead. This would lower how much money you must pay for your drug. Please remember a higher level of coverage cannot be requested for the drug if approval was granted to cover a drug that was not on the formulary.

Generally, CarePlus will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or other restrictions wouldn't be as effective in treating your health condition and/or would cause adverse medical effects.

You should contact us to ask for an initial coverage decision for a formulary, tier, or utilization restriction exception. When you ask for an exception, you should submit a statement from your health care provider that supports your request. This is called a supporting statement.

Generally, we must make the decision within 72 hours of receiving your health care provider's supporting statement. You can request a quicker, or expedited, exception if you or your health care provider thinks your health would seriously suffer if you wait as long as 72 hours for a decision. Once an expedited request is received, we must give you a decision no later than 24 hours after we get your health care provider's supporting statement.

### **Will my plan cover my drugs if they are not on the formulary?**

You may take drugs that your plan doesn't cover. Or, you may talk to your provider about taking a different drug that your plan covers, but that drug might have a Utilization Management Requirement, such as a Prior Authorization or Step Therapy, that keeps you from getting the drug right away. In certain cases, we may cover as much as a 30-day supply of your drug during the first 90 days you're a member of the plan.

Here is what we'll do for each of your current Part D drugs that aren't on the formulary, or if you have limited ability to get your drugs:

- We'll temporarily cover a 30-day supply of your drug unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 30 days of a drug) when you go to a pharmacy.
- There will be no coverage for the drugs after your first 30-day supply, even if you've been a member of the plan for less than 90 days, unless a formulary exception has been approved.

If you're a resident of a long-term care facility and you take Part D drugs that aren't on the formulary, we'll cover a 30-day supply unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 30 days of a drug) during the first 90 days you're a member of our plan. We'll cover a

31-day emergency supply of your drug unless you have a prescription for fewer days (in which we will allow multiple fills to provide up to a total of 31 days of a drug) while you request a formulary exception if:

- You need a drug that's not on the formulary or
- You have limited ability to get your drugs and
- You're past the first 90 days of membership in the plan

Throughout the plan year, your treatment setting (the place where you receive and take your medicine) may change. These changes include:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting
- Members who are admitted to a hospital or skilled-nursing facility from a home setting
- Members who transfer from one skilled-nursing facility to another and use a different pharmacy
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit
- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage
- Members discharged from chronic psychiatric hospitals with highly individualized drug regimens

For these changes in treatment settings, CarePlus will cover as much as a 30-day temporary supply of a Part D-covered drug when you fill your prescription at a pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior authorization and receive approval for continued coverage of your drug. CarePlus will review requests for continuation of therapy on a case-by-case basis understanding when you're on a stabilized drug regimen that, if changed, is known to have risks.

### **Transition extension**

CarePlus will consider on a case-by-case basis an extension of the transition period if your exception request or appeal hasn't been processed by the end of your initial transition period. We'll continue to provide necessary drugs to you if your transition period is extended.

A Transition Policy is available on CarePlus's website, [www.careplushealthplans.com](http://www.careplushealthplans.com), in the same area where the Prescription Drug Guides are displayed.

### **MyHumana - Your secure account**

Register for MyHumana, your secure account on [Humana.com](http://Humana.com), to find out more about your prescription drug plan. You can sign in to MyHumana to get details about your benefits, view your claims, and explore the Medicare tab. You can also use the Rx Calculator under "Tools & Resources" on MyHumana to:

- Estimate your monthly drug costs and how long it will take you to reach the various cost "stages" for your prescription drug plan
- Get information about pricing, coverage, usage, dosage, interactions, and other details on more than 10,000 drugs
- Find out if a generic alternative might save you money

## For More Information

For more detailed information about your CarePlus prescription drug coverage, please read your Evidence of Coverage (EOC) and other plan materials.

If you have questions about CarePlus, please visit [www.careplushealthplans.com](http://www.careplushealthplans.com) or call Member Services at **1-800-794-5907; TTY: 711**. From October 1 - March 31, we are open 7 days a week; 8 a.m. to 8 p.m. From April 1 - September 30, we are open Monday - Friday, 8 a.m. to 8 p.m. You may always leave a voice mail message after-hours, Saturdays, Sundays, and holidays and we will return your call within 1 business day.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)** 24 hours a day, seven days a week. TTY users should call **1-877-486-2048**. You can also visit [www.medicare.gov](http://www.medicare.gov).

# CarePlus Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by CarePlus. If you have trouble finding your drug in the list, turn to the Index that begins on page 108.

Your CarePlus plan has additional coverage of some drugs. These drugs aren't normally covered under Medicare Part D and aren't subject to the Medicare appeals process. These drugs are listed separately on page 107.

## How to read your formulary

The first column of the chart lists categories of medical conditions in alphabetical order. The drug names are then listed in alphabetical order within each category. Brand-name drugs are CAPITALIZED and generic drugs are listed in lower-case italics. Next to the drug name you may see an indicator to tell you about additional coverage information for that drug. You might see the following indicators:

**DL** - Dispensing Limit; Drugs that may be limited to a 30 day supply, regardless of tier placement.

**MO** - Drugs that are typically available through mail-order. Please contact your mail-order pharmacy to make sure your drug is available.

The second column lists the tier of the drug. See page 4 for more details on the drug tiers in your plan.

The third column shows the Utilization Management Requirements for the drug. CarePlus may have special requirements for covering that drug. If the column is blank, then there are no utilization requirements for that drug. The supply for each drug is based on benefits and whether your health care provider prescribes a supply for 30, 60, or 90 days. The amount of any quantity limits will also be in this column (Example: "QL - 30 for 30 days" means you can only get 30 doses every 30 days). See page 5 for more information about these requirements.

DRUG NAME	TIER	UTILIZATION MANAGEMENT REQUIREMENTS
<b>Analgesics</b>

## CarePlus Coverage of Additional Prescription Drugs

DRUG NAME	TIER	UTILIZATION MANAGEMENT REQUIREMENTS
<b>ERECTILE DYSFUNCTION</b>		
sildenafil 100 mg, 25 mg, 50 mg tablet <b>ED,MO</b>	1	QL (6 per 30 days)

Your CarePlus plan has additional coverage of some drugs. These drugs aren't normally covered under Medicare Part D. These drugs aren't subject to the Medicare appeals process. The amount you pay when you fill a prescription for these drugs does not count toward your total drug costs (in other words, the amount you pay does not help you qualify for catastrophic coverage).

## **Discrimination is against the law**

CarePlus Health Plans, Inc. ("CarePlus") complies with applicable Federal Civil Rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex, sexual orientation, gender identity, or religion. CarePlus does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, sexual orientation, gender identity, or religion. CarePlus provides:

- Free assistance and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Video remote interpretation
  - Written information in other formats
- Free language services to people whose primary language is not English when those services are necessary to provide meaningful access, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, call the number on the back of your Member ID Card or contact Member Services using the information below. If you believe that CarePlus has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, sexual orientation, gender identity, or religion, you can file a grievance with:

**CarePlus Health Plans, Inc. Attention: Member Services Department.** 11430 NW 20th Street, Suite 300. Miami, FL 33172.

Telephone: **1-800-794-5907; (TTY: 711)**. From October 1 - March 31, we are open 7 days a week; 8 a.m. to 8 p.m. From April 1 - September 30, we are open Monday - Friday, 8 a.m. to 8 p.m. You may always leave a voicemail after hours, Saturdays, Sundays, and holidays and we will return your call within 1 business day. Fax: **1-800-956-4288**.

You can file a grievance in person or by mail, phone or fax. If you need help filing a grievance, our Member Services Representatives are available to help you at the contact information listed above.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

**U.S. Department of Health and Human Services.**
