## B. Provider Directory

---

The Provider Directory lists the health care professionals, facilities and support providers in our network that you may see as a Humana Healthy Horizons in Kentucky enrollee. We also list the pharmacies that you may use to get your prescription drugs.

### **What are "network providers"?**

Network Providers include:

- Doctors, nurses, and other health care professionals that you can go to as a enrollee of our plan
- Clinics, hospitals, nursing facilities, and other places that provide health services in our plan
- Home health agencies, durable medical equipment suppliers, and others who provide goods and services that you are eligible for

You must get care from network providers. Usually the plan will not cover care from a provider who does not work with the health plan. Here are some cases when this rule does not apply:

- Plan covers emergency services from an out-of-network provider
- Family planning services from any Qualified Provider of Family Planning Services
- Care at Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs)

Both Enrollee Services and our website can give you the most up-to-date information about our network providers. Please see Section C of this directory for how to contact us.

### **What are "network pharmacies"?**

Network pharmacies are pharmacies that have agreed to fill prescriptions for our plan enrollees. Use this Provider Directory to find the network pharmacy you want to use.

Except during an emergency, you must fill your prescriptions at one of our network pharmacies if you want our plan to help you pay for them.

Both Enrollee Services and our website can give you the most up-to-date information about our network pharmacies. Please see Section C of this directory for how to contact us.
